

WE GOT US
A SAFER COLUMBUS
STARTS WITH US

The 'We Got US' campaign is a vital initiative created in partnership between the Columbus City Council and the Columbus Branch of the NAACP, focused on fostering community accountability to ensure the safety and security of our great city. As a respected community partner who is deeply engaged in making our neighborhoods safer, we believe your organization's involvement would be monumental in driving positive change and making a profound impact on our city.

The rising concerns of violence and crime in our communities have led us to come together and address these issues with a collaborative and holistic approach. 'WE Got US' aims to build a unified front, bringing together individuals, organizations, and advocates, to create a safer environment for all Columbus residents and let our young people know that we've got their backs.

By supporting and engaging with 'We Got US,' you can play a significant role in further strengthening our community and promoting proactive measures against violence. Here's how you can be a crucial part of the 'We Got US' campaign:

- **Community Engagement:** Encourage your members and constituents to take the 'We Got US' community safety pledge, showcasing their commitment to creating a safe and thriving Columbus.
- **Spread Awareness:** Utilize your network and platforms to raise awareness about the campaign, emphasizing the significance of community accountability and safety in our daily lives.
- **Resource Sharing:** Share your organization's expertise, programs, or services that align with our campaign's goals, amplifying the positive impact on our community.

We believe that through collective efforts and partnerships like yours, we can create lasting change in our community and pave the way for a safer, brighter future.

Thank you for considering this opportunity to collaborate with us on the 'We Got US' campaign. Together, we can make Columbus the city we ALL deserve.
